Hi Chris,

DTSC has completed review of the **ecological** risk assessment portion of the *July 2015 Draft Area 40 Human Health and Ecological Risk Assessment/Risk to Groundwater Evaluation for Area 40, Island Operable Unit (OU-7)* prepared by CB&I Environmental and Infrastructure for Aerojet Rocketdyne. Area 40 is a part of the Aerojet Superfund Site located in Sacramento County, California.

Attached you will find a memo from our ecological risk assessor summarizing the review and comments in both pdf and word versions. Please let me know if you have any questions. Thanks.

Steve.
